For North Carolina—Fair Saturday and Sunday; light variable winds.

In New York yesterday the price of spot cotton climbed up to 11.15 cents a pound. "All things come to him who waits."

A radical Socialist paper in St. Petersburg attacks Count Witte and calls him a "Sly Fox." At this distance Witte appears to be Some Pumpkins.

"If North Carolina should go Republican," etc., says the Greensboro Industrial News (Rep). If? But North Carolina is not in the habit of going crazy.

Of course President Roosevelt did a good thing in getting Japan and Russia to shake hands, but we would like to see a real big Jap army doing business in a lot of those Russian cities about this time.

A young man in Baltimore complains of being cold even in Summer or Winter and wants to know what to do for it, as he has tried everything without success. We know something that will make it warm for him but it is not worth while to say what it is, for we don't know whether he is able to indulge in a mother-in-law.

Says the Asheville Citizen: "Declaring that it will look into and publish the record of every man who offers for office, it appears that the Civic Federation of Knoxville will be very much in evidence in the forthcoming municipal campaign in that city." In entering upon a mud-slinging campaign it behooves a member of the Civic Federation not to be an occupant of anything like a glass house.

Mr. R. W. Simpson, lately editor of the Greenville (S. C.) News is in editorial control of our esteemed contemporary, the Raleigh Evening Times. Mr. Simpson is a newspaper man of experience, a vigorous and gifted writer, and resourceful editor. The Times made a ten strike in the acquisition of a courageous and capable man like Editor Simpson. We are glad to welcome him in the line up with the North Carolina press gang.

Virginia had her vituperative campaign between Democrats for the offices in the gift of the party. Georgia Democrats are blackguarding each other over the Governorship, and the Tennesseeans are scarifying each other over Senatorship. A campaign between friends in South Carolina resembles a small-sized war, and North Carolina Democrats are not guiltless of making it hot for the other fellow. There must be something in "dose bolities" that makes men willing to fight over them.

"THE PLAYER MAID."

Miss Florence Davis at Academy Matinee and Night To-day.

At the Academy to-day at matinee and night Miss Florence Davis, supported by Elliott Dexter and a company of well known players will present the romantic comedy "The Player Maid." This play was first produced at the Academy of Music, Baltimore, and was proclaimed a success by press and public. It is said to be a comedy of the higher order that appeals to the better class of theatregoers, combining all the elements that go to make an entertainment for intellectual people. The company is highly spoken of. Miss Davis and Mr. Dexter will be remembered for their long connection with the Frohman forces and it is said that their present parts fit them better than any other they have ever played.

The editor of the Goldsboro Argus gives Miss Davis the following endorsement:

"The editor of the Argus personally bepeasks for Miss Florence Davis on her appearance here, to-morrow evening, in the Messenger Opera House, a full audience of Goldsboro's representative people. LAWYER DISBARRED

Sensation in Federal Court Yesterday in Matter of Attorney J. F. Musselwhite

MAYOR OF HOPE MILLS, N. C.

Took Papers From Clerk's Record and Their Loss Brought Serious Trouble to Him—Tilt With Ex-Judge Sutton.

A sensation was sprung in the Federal Court yesterday morning when Judge Purnell, from the bench, adverted to a report made by the clerk the day before that the papers in a certain case from Cumberland county had been abstracted from the records in his office and forthwith cited Lawyer J. F. Musselwhite, of Hope Mills, N. C., to appear and show cause why he should not be disbarred from practice in the court and be otherwise proceeded against as provided by statute.

The case was one in which K. R. Raynor, of Cumberland, was charged with illicit distilling and both Attorney Musselwhite and ex-Judge Thos. H. Sutton purported to be counsel for the prisoner. Judge Sutton in court acknowledged having examined the papers the day before in the clerk's office but returned them to their proper place, the envelope having contained the bill of indictment, etc. It appeared that some differences had sprung up between the attorneys in some way, either as to conduct of the case or as to the fee received and some warm words were exchanged between them, when Attorney Musselwhite, who was present in court, arose to answer the rule delivered by Judge Purnell from the bench.

Attorney Musselwhite admitted having taken the papers to his room at the hotel for examination so as to have his defence prepared when the case was called for trial and he said that while out the night before with his client, Raynor, he was drinking and the papers were taken without his knowledge, presumably by Raynor, whom he understood was sick.

Judge Purnell read the statutes provided in such cases and sharply spoke of the conduct of Attorney Musselwhite since he had been attending court this week. The District Attorney then arose and said that he had been furnished with the following affidavit:

Judge Sutton's Affidavit.

United States of America, United States District Court, Eastern District of North Carolina, October Term, 1905.

In re United States vs. K. R. Raynor: Thomas H. Sutton, being duly sworn, maketh oath that on the second day of November, 1905, he was informed by the Clerk that the papers in this case had been withdrawn from the files by some one and as affiant was counsel for the defendant, inquiry was made of him as to their whereabouts. Affiant stated in open court that he examined the papers in the presence, and under the supervision of the Clerk of this court, returned them to him and saw him place them in the proper files, after which time they were missing and are not yet in their proper place. This afternoon about 6 P. M., affiant was accosted by John F. Musselwhite, an attorney from Hope Mills, N. C., who, in company with his brother, E. W. Musselwhite and Mr. Ben Norden, of said county, the said J. F. Musselwhite used to affiant the following language:

"Judge Sutton, I lied on you to-day. I told Judge Purnell that you (meaning affiant) had these papers, when I knew you did not have them."

Affiant then asked, "Where are the papers?" and Musselwhite said: "Where is Raynor?" I answered that I supposed he was sick; his sister, Mrs. Stone, said to me this morning that he, Raynor, was sick. Thereupon affiant remarked that the papers had better be produced, and Musselwhite replied, "We will see about that later on." Affiant asked Mr. Musselwhite why he had made this false statement to the Judge about affiant to which Mr. Musselwhite replied: "I had to do it to get myself out of a box." Affiant then called Mr. Ben Norden to one side and charged him to remember the conversation.

Upon the foregoing this affiant respectfully asks this Honorable Court to institute a rigid investigation as to the loss of these court records and place the blame where it properly belongs.

THOMAS H. SUTTON.

Sworn to and subscribed before me this, the 2nd day of November, 1905.
S. P. COLLIER, Clerk.

Immediately upon the reading of the affidavit, Judge Purnell ordered that Mr. Musselwhite be disbarred from practice as an attorney in the United States Courts for the Eastern District of North Carolina and further that proceedings under Section 5403, of the Revised Statutes, be instituted against Mr. Musselwhite in the discretion of the District Attorney.

An instanter capias was also ordered for Raynor, in whose behalf a certificate was presented from Dr. Chas. T. Harper, stating that the defendant was ill and unable to attend court. He will, however, probably be brought into court to-day.

The order of Judge Purnell made a profound impression upon the Hope Mills attorney, whose demeanor and speech seemed to indicate that he blamed ex-Judge Sutton for his undoing and that the prosecution of the investigation was but a natural sequence of the late Sutton-Musselwhite feud, when ex-Judge Sutton was attached for contempt but promptly and fully exonerated. He seemed to talk incoherently of things back of the affair, but the whole matter was quieted with the order of His Honor.

The papers in the case were missing the day before and it seems Attorney Musselwhite had charged that Judge Sutton had them. Judge Purnell at the time ordered the investigation, the affidavit of Judge Sutton followed and the disbarment and reprimand of the attorney quickly followed.

The matter was widely discussed among the court attendants during the day. Attorney Musselwhite is Mayor of Hope Mills and was the Republican Presidential Elector in this district in the last National election.

SKULL BADLY FRACTURED

Young Plumber, Injured by Fall from Train Near Burgaw, Brought to Hospital in This City.

Young J. P. McCarson, the itinerant plumber whose fall from the northbound passenger train from Wilmington, near Burgaw, Thursday night, was noted in these columns yesterday, was brought to the James Walker Memorial Hospital in this city yesterday morning by Dr. R. H. Bradford, and he now lies in that institution in a very critical condition. He has a bad fracture of the skull, some of the brain substance is injured and his recovery would be a miracle of modern surgery. He also has a number of contusions about the body, but thise wounds are of comparatively no consequence.

McCarson is between 25 and 30 years of age and came to Wilmington about two weeks ago and worked for a while at the plumbing establishmen of Griffith Bros. He was an excellent workman, but very much addicted to drink. Thursday morning he drew what money was due him and left the city, evidently having boarded the train at some point up the road to which he had walked. The manner of his fall from the train and all other circumstances in connection with the accident are unknown as the young man has been only half-conscious since he was hurt. It was not until yesterday when he was brought to the city that his identity was established. A trephining operation was performed on the young man by Dr. Akerman, Dr. Bradford and Dr. Pride J. Thomas at the hospital yesterday afternoon and late last night the patient was reported as doing very well indeed, but only slight hope of recovery is entertained.

From papers found on the young man's person it is learned that he is originally from Nashville, Tenn., Two brothers in Asheville, N. C., one employed in a hardware store and another on the Biltmore estate, have been notified of the serious condition of the man and will probably come here to be with him.

LOCAL PORT PARAGRAPHS.

Cotton and Naval Stores—Arrival and Clearances Yesterday.

Norwegian barque Gerds, Capt. Skramstad, arrived yesterday from Barbados for cargo of naval stores.

There was nothing doing in spirits turpentine yesterday before the closing, but after hours there were sales at 69 cents.

British steamer Langbang cleared yesterday for Liverpool with cargo of 15,200 bales of cotton, valued at $808,000, and consigned by Messrs. Alexander Sprunt & Son.

Responding to an advance of about 25 points in futures, the local cotton market yesterday went up to 10 1-2 cents for middling. The New York spot market was steady at 11.15 cents. Local receipts yesterday were 4,091 bales against only 2,321 same day last season.

The schooner Georgie L. Drake, 398 tons, Capt. Hall, 21 days out from Pascagoula, Miss., to Fall River, was towed into Southport yesterday evening by the steamer Compton. She is probably in for water and provisions.

The ill-fated schooner Harry A. Berwind, Capt. Tom Barrett, will probably proceed down the river for her voyage to Philadelphia to-day, having completed repairs at Skinners' marine railway. A new crew has been signed and the vessel is now in good condition.

A cablegram last night stated that the British steamer Armenia, 1,515 tons, Capt. Scearf, sailed from Hamburg for Wilmington yesterday.

British steamer Bertholey, Capt. Bride, from Wilmington October 12th, with cargo of cotton, arrived at Bremen, Wednesday.

DUN'S WEEKLY REVIEW.

South and West More Prosperous Than Ever Before.

New York, Nov. 3.—Dun & Co.'s Weekly Review of Trade to-morrow will say:

Cooler weather in most sections of the country has stimulated retail demand for seasonable merchandise, improving the tone of business where there had been more or less irregularity, but reports are still somewhat mixed as to collections. Supplementary orders are coming to the primary markets for wearing apparel, and in many cases shipments would show still larger gains over the same time last year if transporting facilities were better. This car shortage is an increasingly disturbance element. There is still a very close comparison of railway earnings which were only 9 per cent. larger than in October 1904. At the South and West the scarcity of labor retards operations, yet those sections are more prosperous than ever before, and quarantine restrictions no longer interfere in New Orleans.

Failures returns were very favorable in October; liabilities falling 36 per cent. behind last year's. Commercial failures this were are 202 against 229 the corresponding week last year.

Basket Ball Last Night.

At the Y. M. C. A. last night Capt. Hunter's team defeated that of Capt. Woollcott by a score of 16 to 5 and the Triangles defeated the A. C. L. by a score of 8 to 4. At the Boys' Brigade Armory the Brigade Juniors were defeated by the Association Juniors in a score of 29 to 8. The games were well played and witnessed by quite a number of spectators.

THE FEDERAL COURT

Pension Cases from Cumberland Disposed of by Submissions Yesterday

TRIAL OF MUTINEERS TO-DAY

Number of Unimportant Cases From Robeson, Columbus, Cumberland and Scotland Counties Tried—Other Notes of Interest.

Aside from the disciplining of Attorney Musselwhite, an account of which appears elsewhere in to-day's paper, the most important matter in the Federal Court yesterday was the disposition of what are commonly known as the "pension cases" from Cumberland. The defendants were Marion W. Tyson, W. C. Riddle and J. T. Bynum. They were represented by H. F. Seawell, Esq., of Carthage, and Claude M. Bernard, Esq., of Raleigh, former district attorney. Each of the defendants submitted and Tyson was fined $200, Riddle and Bynum, each $10, and each of the three to pay one-third of the costs.

All the defendants are prominent men of Cumberland, Mr. Bynum having been at one time Register of Deeds of Cumberland, going from Fayetteville to take a lucrative position with the Hope Mills Mfg. Co.

The only witness introduced by the government was Special Examiner John W. Hall, who gave a history of the claim and the facts as developed upon his special examination, including admissions of the defendants. The history of the case as related by Mr. Hall was that on Sept. 23rd, 1901, Mrs. Henrietta Tyson, mother of John C. Tyson, who died while serving in the U. S. Infantry in the Philippines, applied for a pension. She was called upon to furnish evidence that she was the mother of the soldier and that she was dependent at least in part upon him for support. Several affidavits to this effect, purporting to be from John E. Willis, R. M. Toler, Mahola Tyson and others were filed with the Department, the execution of the affidavits, purporting to be before W. C. Riddle, a justice of the peace. The Bureau of Pensions accepted the affidavits in good faith and in March, 1902, allowed Mrs. Tyson a pension of $12 per month. The pension agent at Knoxville, Tenn., was directed to place the name of Mrs. Tyson on the pension rolls from date of application in 1901. The agent at Knoxville was advised that Mrs. Tyson could not sign her name and that the vouchers for the amounts must be signed with "her mark" in the presence of witnesses. When the first voucher for $196.40, being an accumulation for several months, was received, the signature of Henrietta Tyson appeared written and not signed by mark. The agent declined payment and sent the voucher to the Bureau for investigation to ascertain who signed the name and under what circumstances. Special Examiner J. W. Hall, then operating in North Carolina, was detailed upon the case and it was soon ascertained that Mrs. Tyson's name had been signed by M. W. Tyson and that it had been approved before J. T. Bynum, a justice of the peace, who certified as to the appearance of the pensioner and her signature. These disclosures led to an investigation of the original execution of the papers and it was found that they were certified before Mr. Riddle, a justice of the peace.

All the defendants went on the stand yesterday and made statements tending to show that their acts were due to ignorance of the requirements rather than intention to violate the law. While that position was tenable, it was pointed out that the government is willing to accept the execution of affidavits and other papers in good faith, yet the indiscriminate signing of the names of others to such papers will not be tolerated. In all such cases the law provides for punishment for false certification, the question of intent being eliminated.

Other cases tried yesterday were as follows:

E. M. Deeds, JrJ., Cumberland, retailing; 60 days in jail, $100 fine and costs.

Tom Watts, Columbus, retailing, 60 days in jail, $100 fine and costs.

Link Williams, Cumberland, retail and distilling, six months in jail, $100 fine and costs.

Chas. Oxendine, Robeson, retailing, 30 days in jail, $100 fine and costs; judgment suspended on payment of fine and costs.

Wm. Brown, Cumberland, retailing, 30 days in jail, $100 fine and costs.

Alex. Monroe, Scotland, retailing, 60 days in jail, $100 fine and costs.

Dudley McEachin, Scotland, retailing, 60 days in jail, $100 fine and costs.

Aaram Lamb, Scotland, retailing, 60 days in jail, $100 fine and costs.

Thos. Matthews, Cumberland, retailing, verdict not guilty.

Henry Robinson, Richmond, retailing, verdict guilty, 60 days in jail, $100 fine and costs.

John H. Matthews, Cumberland, retailing and distilling, three months in jail, $100 fine and costs.

Not a true bill was returned as to Frank Watts, Columbus county, charged with interfering with an officer.

An order of survey was made in the case of the New Jersey and North Carolina Land and Lumber Company against the Gardner Lacy Lumber Company, on the Circuit Court docket.

Mutiny Cases To-day.

This morning at 10 o'clock Arthur Adams and Robert Sawyer, the alleged mutineers of the schooner Harry A. Berwind, go on trial for their lives. District Attorney Skinner will to-day send down a bill of indictment to the grand jury in the case of Henry Scott and his trial will come up later next week. He will be used as a witness in the case against Adams and Sawyer to-day. Scott was brought out of jail for a conference with District Attorney Skinner in the U. S. building late yesterday afternoon, but it is not known if anything new was gathered. Adams and Sawyer are represented by George L. Peschau, Esq. About 40 of the special venire of 50 from which to select a jury for the trial to-day, arrived last night.

FIFTY WITNESSES EXAMINED.

Progress in Trial of Old Nick Williams Company.

Greensboro, N. C., Nov. 3.—More than fifty witnesses have been examined in Federal District Court in the trial of the case against the Old Nick Williams Distilling Company, charged with operating a distillery and refinery with intent of defrauding the government, and the taking of evidence for the prosecution is not completed. Fifteen witnesses were introduced by District Attorney Holton, and examined to-day, including a number of well-known distillers. J. S. Minor, who erected the distillery, was on the stand for several hours and he related the trouble he had with N. Glenn Williams, one of the defendants, in the payment for his work in erecting the distillery. William T. Johnson, who had worked at the distillery for some time, was on the stand and R. A. Park, owner and manager of a distillery at Birmingham, Ala., also was examined. The examination of witnesses for the government will not be concluded before next Wednesday.

FATALLY SHOT IN SALISBURY.

Southern Railway Engineer Mortally Wounded by Storekeeper.

Greensboro, N. C., Nov. 4.—A special from Salisbury says: "In a fight in the store of Rufty & Hedrick in Main street to-night H. E. Rufty, one of the proprietors of the store, mortally shot John M. Connell, a Southern railway engineer.

The fight started over the refusal of Rufty to grant credit to Connell for a pair of shoes. When refused the credit he began wrangling with Mr. Rufty and this resulted in an encounter. Connell had Rufty down on the floor and was getting the best of the fight when Rufty pulled a revolver from his pocket and shot Connell in the pit of the stomach. He is in a dying condition. Shortly after the shooting Rufty gave himself up to the police. He was placed in jail.

Work of the Hospital.

Few people, unless they are thrown directly in touch with the institution, know what a great work is being done in this city and community by the James Walker Memorial Hospital. There are this day under treatment at the hospital 64 cases, to say nothing of trifling cases coming and going all the time. This number is as large as the population of some small towns dignified by a place on the map and is a larger number by seven than was ever registered at the hospital before. Dr. Akerman, the surgeon in charge, the corps of skilled and trained nurses, with all other attaches of the great institution, have plenty to do in caring for this large number of patients, but theirs is a labor of self-sacrifice and they are never complaining. These observations give rise to the inquiry: "Is the hospital appreciated in the community as it should be?"

Two Before the Mayor.

There were only two cases in the police court yesterday. A small colored boy pleaded that he couldn't hold his horse when the animal trotted around a downtown street corner contrary to law and he was dismissed. Sis Baldwin, a notorious colored woman, was sent over to jail in default of $50 bond for the Superior Court. She was charged with the larceny of a small amount of money from the person of a colored man named Calvin Akins, who had been invited to her house.

Druids Instal Officers.

Costlin; Vice, Horace King; Conductor, Frank Meyer; Inside Guard, Wm. Lomz. Outside Guard, George W. Bornemann. After the regular meeting a social session was held. WILMINGTON, N. C.

Saturday Morning, Nov. 4.

NEW YORK'S STRENUOUS CAMPAIGN.

The indications are that Mayor Geo. B. McClellan, the Tammany Democrat, will be re-elected Mayor of New York city by a tremendous majority on next Tuesday. He has given New York a splendid administration, as Democrats and Republicans agree, and he certainly deserves to be re-elected. There is, however, another reason why the New Yorkers are going to support McClellan, as we may judge from the attitude of such influential newspapers of the class of the New York Times. That reason is that a vote against McClellan for Evins, the Republican nominee, will help the chances of Hearst, the municipal ownership candidate.

The Times expresses the opinion that Evins is not in the running and that any considerable support given to him will make Hearst Mayor of New York. The Hearst scare is being played for all it is worth. He is pointed to as a Socialist and the effect is to make many Republican business men look to McClellan as the only hope to beat the Hearst campaign. Hearst's campaign is largely anti-capital and a large element in New York is afraid of a man who is arraying the classes against each other. Hearst has even been placarded as an anarchist, but we have no wish to express an opinion whether he is a socialist, or anarchist, or not, we give the facts as to the situation at present in the New York campaign. No doubt the Hearst scare will be sufficient to drive thousands of Republicans and independents to the support of McClellan. Evins is regarded as a safe man but not a serious enough proposition on which to waste a vote.

District Attorney Jerome's nomination for that office was calculated to help the Republican ticket but his nomination was too late for his name to be placed on the official ballot to be cast next Tuesday. The question has gone through the various courts and up to the appellate division of the State Supreme Court which rendered a decision on Thursday refusing to grant an application for a mandamus to compel the New York city board of elections to place the name of Jerome in the Republican column on the official ballot as the nominee of that party for district attorney. The court holds that Jerome's nomination was not made within the time prescribed by law entitling a nominee's name to go on the ballot. His name, however, will appear on the ballot as an independent, but it will make voting for him difficult, and that means that it will help the Charlotte man, James W. Osborne, the Tammany nominee for district attorney. We admire Jerome but here's good luck to the brilliant North Carolinian who has made a big success in New York and is as good as the best of them.

The campaign in New York is decidedly strenuous. The candidates are speaking daily and nightly from a half dozen to a dozen different platforms. The spellbinding is something fierce and there will be a lot of hoarse as well as left candidates on next Tuesday.

IMMIGRATION AND QUARANTINE.

On the 9th and 10th instant a convention will be held in Chattanooga to consider the matter of a uniform system of quarantine for the South and also that of the proper immigration to induce to the Southern States. Governors, Congressmen, members of commercial bodies, educators, and other Southern leaders will compose the delegates, and we have no doubt it will be a gathering of prime importance. At any rate it will do no harm for the leading thinkers of the South to get together and consider these vitally important matters. Governor Robert B. Glenn, of this State, is deeply interested in the movement and urges a full representation from North Carolina. The Chattanooga Times says about the proposed gathering:

"From indications the Immigration and Quarantine convention to be held here next week will be one of the most notable occasions of the year. Already some twenty odd Congressmen from different States have notified Judge Moon of their intention to be present; at least eight Governors will be here, among them the Hon. Joseph W. Folk, of Missouri; the representatives of some fifteen or twenty chambers of commerce from as many important cities are coming and in addition there will be many delegates appointed by Governors and various civic bodies in large numbers who will be present. Chattanooga must do the big thing by way of entertainment and reception for these distinguished guests so that when they go away they will feel that they have really enjoyed the hospitality of the people of the city of greatest possibilities in the central South."

A GREAT MAGAZINE.

The American Monthly Illustrated Review of Reviews for November is an intellectual treat. Every page of it teems with deep interest and when the reader goes through them he is up to date with the world's events. Dr. Albert Shaw, the learned editor, discusses about all there is of current interest, handling in his lucid and able manner fifty-two topics, even to the stirring election season in our own country besides the current events in foreign countries. Of course the President's Southern trip comes in among the prominent subjects, but it is difficult to say which topic is most interesting in all the variety discussed. It is impossible to mention all the other strong features of this great magazine. It is sent a year for $3, or 25 cents per copy. Address The Review of Reviews Co., 13 Astor Place, New York.

CURRENT COMMENT.

—Paul Morton contends that publicity is the only certain cure for corporation evils. In a few years the newspapers will be printing certificates like this from prominent trust magnates: "The doctors could do nothing for me. I was run down and nearly all in, when chance put me next to a bottle of your celebrated keep-it-before-people remedy. I do not hesitate to say that it saved my constitution and by-laws."—St. Louis Globe-Democrat.

—That is a queer statement of Rev. Dr. Parkhurst, that he was put in possession of the evidence ten years ago showing all these lately exposed methods of the big insurance companies. The reason he didn't make use of this evidence, according to his own statement in his pulpit, was that it would have been too much like planting a dynamite bomb under the throne of Satan. This sounds very much like an even shake betwixt particeps criminis and cowardice.—New Orleans States.

—What would we think of the people of the North if they sold us the leather for their shoes, the wool and cotton for their clothes, the wood for their furniture and wagons, the oil for their lard and soaps and every blessed thing that they wear and use—and then buy it all back from us in the finished state, with from 100 to 1,000 per cent added to the value of their raw material. And, yet, it is just this very thing we are doing for the people of the North and East.—Augusta Chronicle.

—Every once in a while the story is told of how many ships in the course of a year load cotton at Wilmington for European ports, and figures are given showing the weight and value of the cargoes. The story is worth telling over and over again; for it is the story of the development and growth of a North Carolina seaport, and a reminder that within the borders of our own State we have an important depot of foreign commerce. It is well to turn our eyes and our thoughts now and then from the seaports North of our borders and give rein to our State pride in contemplating the growing importance of our city on the Cape Fear. By and by there will be a great impetus to foreign commerce on that majestic river. When Southport comes into her own, with the projected lines of railroad completed and great piers for hauling coal and freight built, we shall see ships of all nations flocking to North Carolina waters and have a foreign commerce that will excite the admiration and gratify the pride of every true son of the State.—Greensboro Industrial News.

TWINKLINGS.

—He—I'm going to kiss you. She—You dare! "I'll scream for help. He—Good idea. Maybe your pretty sister will come to help you.—Philadelphia Ledger.

—Highwayman — Your money or your life, mister! Native—But you are not the fellow who usually robs me at this corner. Highwayman—No, but it's all right. I've bought his route—Puck.

—Mrs. Hunks—I wish you wouldn't be so positive. There are two sides to every question. Old Hunks (with a roar)—Well, that's no reason why you should always be on the wrong side!—Chicago Tribune.

—The Heiress—But how can you love me when I'm so cross-eyed? The Suiter—You're not cross-eyed, dear. Your eyes are so pretty that they can't help trying to look into each other, that's all.—Cleveland Leader.

—"I would kiss you," said the bashful young man as they stood in the light of the moon, "but I'm afraid I—I might muss your hair." "Oh, don't let that worry you," bastened the pretty girl, "I will just tell them I have been automobile riding"—Chicago Daily News.

—"Hateful thing, she is!" exclaimed Miss Pretty angrily. "I'm glad I'm not as mean as she is. I'm as much above her as—" "Tut! tut" interrupted her fiance, "remember that rosebud mouth o. yours ceases to be a rosebud when it begins to blow."—Philadelphia Ledger.

THE COTTON MARKETS.

New York, Nov. 3.—The cotton market was active and decidedly firmer on covering and fresh bull support, promoted by reports of a big spot business at advancing prices and claims that small crop estimates were influencing spinners. The close was steady at a net advance of 21 to 25 points. Sales were estimated at 500,000 bales. The opening was strong at an advance of 6 to 16 points in response to much higher cables than looked for and the bullish showing of the English spot market which was six points higher with sales of 12,000 bales at the advance. Private cables from Liverpool were also bullish, claiming that short crop estimates were gaining ground and while there was very heavy realizing at the initial bulge in the local market, a setback of 5 or 6 points shortly after the opening was followed by a renewed firmness in the afternoon when the market sold at the high est point reached since the census report of last week and nearly 70 points up from the lowest just before that report or at 10.99 for January. The close was within four points of the top and steady in tone although there was increased realizing for over Sunday in the late trading. SPIRITS TURPENTINE.

—Salisbury Globe: In October 1904, the receipts at the Salisbury office amounted to $1,381.84 and in the same month of this year, just ended, they were $1,985.24, an increase of nearly 59 per cent. This does not include the money order business which has grown in some months over 100 per cent.

—Judge Boyd has ordered that the November term of the United States District Court for Asheville be continued until the regular May term. Judge Boyd is signing the order for a continuance of the term gives as his reason the prolonged term of court in Greensboro, now in session for the trial of the Glen-Williams fraud case.

—The two-year-old daughter of Mrs. B. B. Jernigan died yesterday in Dunn as the result of being seriously burned a few days ago. The mother is seriously injured also. The little child was playing with matches and her clothing caught on fire. The mother, who was never able to extinguish the blaze was seriously burned in her efforts to save the child.

—Bob Hoyle, a negro brakeman, was struck and killed by the northbound passenger train near the Modena mills, Gastonia, Thursday about 10 o'clock. Hoyle, who was working with the local shifting engine, was sent to flag the southbound freight train and went to sleep on the track. It seems that he was awakened by the approaching train and was in the act of arising when he was struck.

—The unveiling of a monument to the late Miss Rachel C. Brookfield took place Wednesday afternoon at Newbern. Miss Brookfield devoted her life to teaching in Newbern Academy, and her excellent services there are gratefully remembered by a large number of former pupils. The ceremony was witnessed by a large gathering of citizens, as well as the entire graded school, and the former pupils of Mrs. Brookfield. The last class of pupils taught by Mrs. Brookfield decorated her grave with flowers after the closing of the exercises.

—Rev. Jno. F. Butt, one of the oldest Methodist ministers in North Carolina, died Thursday morning in Charlotte while sitting in an electric car en route to his suburban home. Heart trouble was the cause of his death. Mr. Butt had been a member of the North Carolina Methodist Conference for more than half a century. For the past six or eight years he had been confining his work to that of an evangelist, not taking any special appointment from the conference. He had amassed quite a sung fortune and was highly thought of in the community.

—An extra freight train on the Seaboard Air Line road was wrecked at the junction of the Oxford and Clarksville, four miles from Durham, Thursday morning between four and five o'clock. The wreck was caused by a defective frog at the crossing. A portion of the incoming freight went over the crossing in good shape and then two cars jumped the track and turned over on the Oxford and Clarksville road. The next car jumped the track, but did not turn over. These were the only cars to leave the track, but others were jammed together and splintered, causing considerable damage. No one was hurt.

—A movement looking to the formation of a plan for the erection of a "Fraternity Building" in Asheville, has been set on foot by Pisgah Lodge, Knights of Pythias, at a smoker on Wednesday night. The gathering of Pythians was for the purpose of celebrating the raising of $1,000 by Pisgah Lodge as a nucleus for a building fund. During the evening a number of short talks were made by members favoring the bringing together of all the secret societies of Asheville in the erection of a fraternity building where the various secret orders would have headquarters and lodge-room.

—A Raleigh dispatch says: The voluntary contributions of Raleigh people to the Catholic Orphanage because of the loss in Sunday's fire now amount to more than $300 in cash, besides numerous pledges. Since the people sleeping in the building lost their clothing and other personal property many donations or garments for the boys have been made. The young men, Buffalo and Wallace, who were injured, are in Rex Hospital here and are improving. The boy, John Galvish, who lost his life by jumping, has been buried in the orphanage cemetery near St. Joseph's chapel in Nazareth. It is understood that in rebuilding no four-story building will be erected, but several small buildings and cottages will take the place of the structure burned.

—Raleigh News and Observer, Nov. 3rd: Policy Number One in the Southern Life Insurance Company, organized in Fayetteville last month, was written yesterday. It was written on the life of Governor Robert Brodnax Glenn. Mr. John Underwood, assistant manager, came to Raleigh and had the pleasure of finding the Governor enthusiastic in support of the idea that North Carolina companies ought to do the bulk of the writing of life insurance in North Carolina. He had examined the plans of the Southern Life and was glad of the privilege of signing the application for policy number one in the company. Starting with the Governor, the company expects shortly to write many other North Carolinians in public and private station. The Southern is fortunate in securing Mr. Arthur D. Boddie as Assistant Secretary. Mr. Boddie comes to Fayetteville from the Bankers' Life Insurance Company, of which he was assistant secretary. He will be in charge of the office force and his accurate knowledge and large experience will be of great value.

H. W. Bragg, merchant and furniture manufacturer, of Second and Market streets, residing at 114 North Sixth street, says: "I used Doan's Kidney Pills and they proved to be a grand medicine, and I can also say that I suffered with my back for a long time. When I sat at my desk for a while and attempted to get up I would have to catch hold of the chair for support and straighten myself up gradually. The kidney secretions were dark colored and full of sediment. I read about Doan's Kidney Pills is our papers and went to R. R. Bellamy's drug store and got a box. Since using them my back is strong and I can move about and stand up as straight as ever and the kidney secretions have au cleared up. You may use my name as an endorser of the claims made for Doan's Kidney Pills and also Doan's Ointment which I used with good results."

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my Mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung troubles." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c. and $1.00; guaranteed at R. R. Bellamy's drug store. Trial bottle free. **

Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenwort, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female troubles, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her houshold duties." Guaranteed by R. R. Bellamy druggist, price 50c. **

WARM WIRELETS.

The President yesterday appointed James D. Dorsett postmaster at Spencer, N. C.

At Memphis, Tenn., yesterday Dan Patch equalled the world's pacing record, going the mile in 1.59 1-4, equalling Star Pointer's time. The mile was made with a runner at his side. No regular meeting is being held at Memphis and it is not thought the record will stand.

At Knoxville, Tenn., yesterday, a car loaded with paving material collided with an incoming suburban electric car on West Main avenue, opposite the University of Tennessee campus. Nine persons, all living in Knoxville, were injured. Three may die, including the motorman.

Official announcement is made in Chicago by the Illinois Central Railroad Company of its intention to build a line from Jackson, Tenn., to Birmingham, Ala., a distance of 216 miles. Construction bids have been advertised for, and it is said, that the road will be in opeeration within eighteen months.

"Charley" Johnson, a Brooklyn sporting man who acted as financial backer for John L. Sullivan in his fights with Charley Mitchell in France, Jake Kilrain, at Richburg, Miss., and James J. Corbett at New Orleans, died yesterday of acute brights disease at his residence in Brooklyn, N. Y.

At Fall River, Mass., yesterday the weekly sales in the print market are estimated at from 75,000 to 100,000 pieces. The market continues quiet, but a general firmness prevails in all departments. Regulars are still quoted at 35 1-8 cents and the 28-inch 64 by 60's are quoted 3 3-8, which is on a basis of 3 1-2 for regulars.

Four people were shot, one being killed, at a negro dance at Chelseya, Ala., negro village near Huntsville, early yesterday. Sam Ruffin, a drunken negro, opened fire on a crowd of dancers. A daughter of Pelee Branch was killed instantly, Cliff Branch was wounded fatally, two others, a man and a woman, were shot and are expected to die. Ruffin escaped.

At Manila yesterday the public reception to Governor Wright and family was attended by Americans, foreigners and Filipinos. It was the most brilliant affair of the kind ever given in the Philippines. There were many manifestations of loyalty and the hope was generally expressed that Governor Wright would return to the islands.

The U. S. battleship Texas, flagship of Rear Admiral Dickins of the coast squadron North Atlantic fleet, reached New York yesterday evening from Norfolk where she has been undergoing extensive repairs. She will proceed to the New York navy yard to be placed in dock for attention below the water line, before starting for Charleston where the squadron is to assemble for the Winter maneuvres.

While running under a full head of steam, freight engine No. 316, northbound on the Houston and Texas Central railroad, was blown to atoms by the explosion of the boiler, three miles south on Innis, Tex., yesterday. Practically the entire train was derailed, seven of the cars were ditched and four of them totally destroyed together with their contents of oil, pecans and rice. Two men were killed and one was probably fatally injured.

In New York last night two hundred girls and fifty men at work in Frederick Neff's paper box factory at King and Greenwich streets, were thrown into a panic by a fire which completely destroyed the building. So quickly did the flames spread that less than fifty of the young women had time to get out by the stairs. The rest were rescued by firemen, who carried them down ladders to the street. All escaped unhurt. The total damage was estimated at $140,000.

At Mount Vernon, O., yesterday Prosecuting Attorney L. C. Stillwell visited Kenyon college in connection with his investigation into the death of Stewart L. Pierson, of Cincinnati, who was killed Saturday evening, while being initiated into a college fraternity. A number of students were examined and told very conflicting stories. Coroner Scarbrough went to Gambier to investigate the case and secure the clothing worn by Pierson on the night he was killed. The prosecutor claims to have gathered some important evidence for the State.

KILLING IN GEORGIA TOWN.

Two Brothers Who Resisted Officers With Bad Results.

By Wire to The Morning Star

Cordele, Ga., Nov. 3.—Rufus Burge was shot and killed at 3 o'clock this morning by Chief of Police T. H. Johnson. Will Barge, a brother of Rufus, was shot three times in the legs by the chief, while the brothers were making an attack upon him with pieces of scantling. The chief received numerous cuts and bruises before his shots laid his assailants low. Policeman J. H. Dorman, two hours before had attempted to arrest the two brothers, who had cut J. P. Handley, wounding him seriously. They resisted, striking Dorman with scantlings and breaking his arm and injuring him internally. It is said that still another man was wounded during the fighting.

Tallahassee, Fla., Nov. 3.—Isham Edwards, colored, paid the death penalty for the murder of N. W. Eppes, at the county jail here to-day. About 150 persons were admitted to the jail to witness the execution. Probably 5,000 persons gather in the neighborhood. Edwards made a confession on the scaffold, stating that he alone was responsible for the crime. In a lengthy statement he warned all to avoid evil companions and meet him in Heaven. He met his fate without a tremor. He was attended by Father Hugon, a Catholic priest.

RUSSIAN FIENDS SLAUGHTER JEWS

Most Horrible Massacres Continue in Different Cities, With Enormous Atrocities

KILLED AND WOUNDED 11,000

Hundreds of Jews Have Been Murdered and Stores Sacked and Burned—Fins in Rebellion, Defeat Imperial Troops.

Dispatches from Russia are very meagre, owing to the disturbed condition of the country. The situation in St. Petersburg, where order is maintained by a show of armed force, remains critical though improvement is shown in the resumption of operation by the electric lighting plants. Communication by rail with the frontier has not yet been re-established.

From many of the interior cities come reports of conflicts in which the Jews appear to be the principal sufferers. In Kieff the loss of life and property has been very great. In Odessa, Kostroma, and Saratoff, the disorders have been most serious. There is an unconfirmed report that Kishineff has been totally destroyed by fire.

A London newspaper's St. Petersberg correspondent estimates that in the leading provincial towns of Russia 1,000 persons have been killed and 10,000 seriously wounded in the last twenty-four hours.

The revolutionary movement in Finland is unchecked, the Finnish national guard opposing the advance of Russian troops and compelling them to retire.

Fourth Day of Horror.

Odessa, Nov. 3.—6:50 P. M.—On this, the fourth day of terror, the peaceful population is practically under a state of siege. Even the markets and restaurants are closed and it is impossible to get bread or meat. The mob to-day pillaged a number of Jewish shops in the main streets and among others the biggest wholesale grocery, that of Rabinovitch. The rioters also burned three factories and killed a physician and two assistants who were dressing wounds. This evening the rioters pillaged the biggest drygoods store in the city. The loss in this case is estimated at $175,000. The hardware store was also looted, involving a loss of $100,000. In addition, twelve fur stores were sacked. The consulates and hotels are guarded by troops.

St. Petersburg, Nov. 3.—A dispatch received here from Odessa says the attacks on the Jews November 2nd, were continued to-day on a large scale. A great amount of damage was done. A thousand roughs, it is added, were wounded during the disturbances.

London, Nov. 3.—A dispatch to a news agency from Odessa to-day says the proclamation of martial law has been withdrawn, the proclamation yesterday being due to an official blunder.

Reign of Terror.

Odessa, Nov. 3.—12:42 P. M.—After a fairly quiet night, shooting again commenced this morning. The Red Cross is busy attending to the wounded.

Up to the present time no Christian shops or houses have been touched. The principal hotels are full of the better class of Jews seeking refuge from this week's disorders.

There was veritable reign of terror of October 31st. After the Emperor's menifesto granting a constitution to Russia, had been published, the Jews made the Russians furious with rage by making a prominent display of red flags, trampling on a portrait of the Emperor and tearing down the emblem of the crown. Late in the afternoon there was firing in the outskirts of the town and the massacre of Jews commenced and lasted during the night of November 1st. All Jews found in the streets were severely beaten and many were killed in their shops, which were ruthlessly pillaged. In the poorer Jews' quarters on the outskirts of the town whole streets were destroyed, the soldiers apparently looking on. Crowds of workmen rowdies, women and children laden with all kinds of loot, walked openly through the streets quarreling over the spoils. Bombs were thrown in various parts of the town. Late that night patrols of soldiers and Cossacks restored some semblance of order.

The pillaging was continued yesterday and there was heavy firing all over the town. Nobody was safe in the streets. People carrying arms, who were caught by the troops were shot at sight. The shutters of all houses were ordered closed and people detected shooting from windows were promptly shot. The soldiers used machine guns to clear away the crowd from the vicinity of the port. In fact, there was indiscriminate shooting everywhere in town. Firing is still going on as this despatch is filed. Trade is at a complete standstill. Provisions are still obtainable at greatly enhanced prices. The gas and water works are working. It is impossible to make a correct estimate of the number of killed and wounded.

Bodies of police escorted by squads of infantry are placarding the city with notices from the Mayor appealing to all peaceable citizens to remain in doors unless most urgent necessity takes them out.

Official circles blame the Jews, but the Liberal leaders declare the disorders were engineered in St. Petersburg. A leading general in an interview today argued that the disturbances were the result of the behavior of the Jews who rudely shocked Russian patriotism by the manner in which they celebrated on Tuesday the publication of the Imperial manifesto.

Soldiers Assisting Mob.

London, Nov. 3.—A dispatch to a news agency from Odessa says: "The military patrols which are in all the streets are unable to check the disorders. Some collisions occurred in Preorbahenskia street this afternoon between the troops and the crowds. Several were killed or wounded. A staff officer was killed in the streets at 2 o'clock this afternoon by a bullet fired from a window. Three hundred infantry joined with the mobs in looting but were arrested."

Horrible Massacre at Kischineff.

Odessa, Nov. 3.—4 P. M.—A dispatch from Kischineff says: "A horrible massacre occurred here. Hundreds have been killed. All the hospitals, pharmacies and hotels are full of wounded and mutilated persons."

A telegram from Nicolaieff says: "The whole town is in the hands of bandits who are devastating the Jewish houses and shops and beating the Jews to death without the slightest hindrance."

The authorities here have similar news from other Southern cities.

Massacre Continues at Kieff.

Kieff, Russia, Nov. 3.—The retirement of General Kleigels, the governor general of Kieff, who was removed Wednesday and who has been succeeded by General Soukhomlinoff has not served to restore order. The whole city is in a ferment. A report that the Jews had destroyed a Christian monastery was circulated among the mob and served to prove a renewal of the attacks on the Jews. The massacre continues, General Karass, the military commander called out the Cossacks who were met with bombs, Cossacks fired into the crowd killing twelve persons and wounding forty-four. All the stores in the Jewish market have been plundered and destroyed.

Ten Students Killed.

Moscow, Nov. 3.—A procession of students returning today with some of their comrades who had been released from prison was set upon by a mob of workmen at the triumphal arch. Ten of the students were killed.

The "Blackhundred" today attacked with arms a procession of social democrats returning from the funeral of the victims of the recent rioting. A number of persons were wounded on both sides.

Stores Sacked and Burned.

Romny, Russia, Nov. 3.—During the pillage of the Jewish stores which lasted until yesterday morning, fifteen stores were burned to the ground and many were sacked. The rioting began when a crowd killed a rich merchant for refusing to take off his hat to a red flag. Many persons were killed.

CHORUS GIRL MURDER BROUGHT TO LIGHT

Physician Arrested Who Dismembered Body—Crawford Identified as Man Who Bought Suit Case.

By Wire to The Morning Star.

Boston, Mass., Nov. 3.—Dr. Percy D. McLeod, of 18 Huntington avenue, this city, was arrested this afternoon on the charge of abortion in connection with the suit case mystery. The arrest was on information furnished by Chief Watts from New York. Dr. McLeod is held on the charge that he was the person who dismembered the body of Susanna Geary, the chorus girl.

A conference between Dr. McLeod and officials lasted until 5 o'clock. At its conclusion Dr. McLeod was removed to the tombs and locked up.

Captain Dugan stated that Dr. McLeod had made no confession. Mr. Innes, attorney for DrMcLeod, stated that he expected his client would spend the night at the tombs and that Dr. McLeod would undoubtedly be brought into court to-morrow morning so that the question of bail might be passed upon. Dr. McLeod is about 35 years of age and is married.

Chief Watts informed the officials here that the confession of Crawford in New Jersay included the specific accusation that Dr. McLeod was the person who dismembered the body of the chorus girl. Immediately upon receipt of this message the physician was arrested.

Boston, Mass., Nov. 3.—Following a brief conversation by officers over the long distance telephone, the scene of developments in the famous suit case mystery has shifted from New York back to Boston. Dr. Percy D. McLeod, a reputable physician of the Back Bay District, was arrested today on the charge of performing an illegal operation on Susan Geary, the Cambridge chorus girl, whose remains were found in two suit cases in the waters of Boston harbor.

Through the confessions of Louis Crawford and William Howard, the two men arrested in New York, the officers received evidence which in their opinion warranted the arrest of Dr. McLeod this afternoon. It is alleged that Dr. McLeod was called into the case after the first operation was performed in a Tremont street office and that he performed a second operation of a desperate nature, in a vain attempt to save the life of the woman. Miss Geary failing to recover. It is alleged that Dr. McLeod, in an effort to conceal the crime, dismembered the body.

Dr. McLeod will be arraigned in court tomorrow.

Morris Nathan, the lover of Miss Geary, who was arrested in Pittsburg last Sunday night and brought to this city in a state of collapse, is gradually recovering. While at first the police were of the opinion that Nathan was not directly connected with the case, they now say that Nathan conducted the negotiation with the proprietors of the Tremont street establishment, and that he was fully aware of the result of the operation. To-night the police directed their energies toward locating another man formerly connected with the Tremont street office.

Crawford Identified.

New York, Nov. 3.—Superintendent Pierce, of the Boston police, and Chief Watts, of the Massachusetts State Police, arrived today accompanied by the witnesses in the suit case mystery. When the Boston party arrived at police headquarters today the prisoners were brought out for inspection. Crawford was identified as the man who bought the dress suit case.

PRIVATE CAR LINE INQUIRY.

President of Armour Lines Refuses To Testify.

By Wire to The Morning Star

Washington, Nov. 3.—President Robbins, of the Armour Car Line, and Traffic Manager Sproule, of the Southern Pacific Railroad, declined to answer questions put to them by the Inter-State Commerce Commission in the private car line inquiry today, both acting under instruction from their counsel. The examination of Mr. Robbins was intended to show that the Armour Car Lines, through Armour & Co., or other concerns controlled by the same interests, is engaged in business other than that of leasing cars to railroads and refrigerating perishable shipments.

Mr. Sproule was examined as to an alleged "pooling contract" between the Southern Pacific and the Southern California railroads. When the information was denied to the commission it was announced that the hearings would be adjourned indefinitely. No action was taken regarding the declinations to testify.

HE PAID IMMIGRANT TAX.

Astor's Son Treated as An Alien and Paid $2.

By Wire to The Morning Star.

New York, Nov. 3.—William Astor, son of William Waldorf Astor, was called on to pay a tax of $2 as an alien today before being admitted to the United States, on his arrival here on the steamer Cedric from Liverpool. This tax was levied under the section of the United States immigration laws requiring a head tax of $2 for every alien landing in this country. Mr. Astor said in reply to a question as to his citizenship that he was an English resident. Sir Casper Purdon Clarke, the recently elected director of the Metropolitan Museum of Art, of this city, was also called on to pay this tax.

RICHMOND STRIKE INJUNCTION.

Printers Making Vigorous Fight in the Courts.

By Wire to The Morning Star.

Richmond, Va., Nov. 3.—The fight of the striking printers to prevent the injunction issued against them on the application of Everett Waddey and the members of the Richmond Typothetae being made permanent, was begun before Judge Grinnan in the Chancery Court here to-day. The answer of the respondents setting forth at great length and details why the injunction should not be made permanent and asking that the temporary injunction be dissolved, was submitted and argument on the injunction was opened. The answer of the union men to the bill of the petitioners is a sweeping denial of the allegations made. The decision of Judge Ginnan may not be rendered for several days.

PRINCE LOUIS IN WASHINGTON

Was Guest of President and Mrs. Roosevelt at the White House

GRAND BALL IN HIS HONOR

President Was Most Cordial In His Reception to Distinguished Visitor—He Received Personal Message From King.

By Wire to The Morning Star.

Washington, Nov. 3.—With great eclat, Rear Admiral Prince Louis of Battenberg, who with his staff arrived here this morning, was received by the President and Mrs. Roosevelt at 3 o'clock this afternoon. The Prince was the bearer of a personal message of good will from King Edward to President Roosevelt and was presented to the President by Sir Henry Mortimer Durand, the British ambassador. The presentation was made the occasion for a brilliant reception. Tonight the British ambassador and Lady Durand gave a State dinner to their distinguished house guest, followed by a large reception and ball. Not since Prince Henry of Prussia was a guest of the German embassy at Washington, has a royal visitor been the recipient of greater honors than those with which Britain's Admiral-Prince has been welcomed to the national capital. Save for the absence of military honors the Prince's entry to the capital today has been invested with as much ceremony as that which made memorable the greeting to the Prussian Prince several years ago. This has been the busiest day he has spent since he arrived off Annapolis Wednesday.

Both the President and Mrs. Roosevelt were cordial and hearty in their welcome, the President expressing the hope that every moment of the visit of the British squadron in American waters would prove enjoyable to them. The President recalled the generous hospitality which the American naval officers always received in British ports. The President and the Prince then entered into an earnest talk about the various problems of a modern navy. The Prince was impressed with the technical knowledge shown by the President.

Secretary Bonaparte left the reception early and returned to the Navy Department to assemble the chiefs of bureaus of the Department in his reception room to await the official call of the Prince. They were kept waiting for more than an hour, the Prince through a misunderstanding having returned to the embassy from the White House. When he finally arrived accompanied by his personal staff he apologized quite frankly to the Secretary and the chiefs of bureaus and expressed his keen regret at the incident. The Prince was considerably embarrassed by the occurrence and Secretary Bonaparte's graceful remarks that the pleasure of welcoming the distinguished visitor to his Department quite compensated for the delay, was evidently appreciated by the Prince. The Prince was loudly cheered by the employes of the Department as he left the building.

MURDER OF OUR MISSIONARIES.

Horrible News of Outrage Confirmed—Cause of the Trouble.

By Wire to The Morning Star

Hong Kong, Nov. 3.—Bishop Marel, of the Catholic church, has received a letter confirming the news of the massacre of American missionaries at Lienchow and giving the following particulars:

Dr. Machle, requested the removal of a street theatre near the hospital on account of the noise. This request incensed the Chinese, who becoming violent attacked the hospital. Becoming frenzied the crowd burned the hospital, the girls' school and the residences of the missionaries.

Dr. Machle, Mrs. Machle, their 10-year old daughter, Mr. and Mrs. Peale, Dr. Eleanor Chestnut, and Miss Patterson took refuge in a cave. The mob pursued them and killed all except Dr. Machle and Miss Patterson, who escaped to the Yamen. Dr. Machle was badly wounded. The American gunboat Callo and two Chinese gunboats are proceeding to the scene of the massacre.

Washington, Nov. 3.—Mr. Rockhill, minister at Pekin, telegraphs the State Department to-day that the Emperor has issued an edict ordering the viceroy of Canton to inflict exemplary punishment upon the murderers of the American missionaries and all guilty officials and directing compensation to be made, and adequate protection to be afforded for all missions. Mr. Rockhill is informed that the attack resulted from the refusal of the missionaries to permit the firing of cannon by the village people during a festival.

The record in the court martial case of Commander Lucien Young, who commanded the Bennington at the time of the explosion on that vessel in San Diego harbor, was received at the Navy Department yesterday and is now under review. It is understood that the sentence of the court is a severe reprimand.

HORRIBLE INITIATION.

Student Ground to Death While Tied on Railroad Track.

By Wire to The Morning Star

Mount Vernon, O., Nov. 3.—Paul Barber a Zeta Alpha freshman, has, according to Prosecuting Attorney Stillwell, given the most important testimony so far secured in the secret inquest in the death of young Stuart Peirson, the Kenyon college student, who was killed by an engine on the railroad track at Gambier last Saturday night. Barber, it is said, testified that he lay bound and blind folded upon the track, not a hundred yards from the spot where Pierson was mangled to death waiting for his two initiatories, who he said was Jacob Walt and J. B. Park. This Barber declared occurred about an hour before Pierson's life was crushed out.

To-day's testimony in the Pierson inquest developed the fact that the boy was lying prostrate on the track when the engine struck him, also that he may have been tied to the track by another initiating party, which was out and had bound them to the rails. The identity of this party is now being enquired into. The witnesses examined were President Pierce of Kenyon college, Henry Beam, a student, and W. H. Stump, rounhouse employe, who cleaned the engine after it arrived at Mount Vernon. The previous evidence that it was the custom of the fraternity men to tie candidates to the tracks was corroborated in to-day's testimony.

A week before his death, Pierson, it was brought out in the examination, was compelled by the fraternity men to crawl the length of the village, goaded behind by men with sticks and clubs and that this treatment developed deep abscesses on his knees. The bandage which Dr. Workman placed about the sores were on the body when it was found.

Three War Ships to Deal With President Castro.

By Cable to The Morning Star.

Fort de France, Martinque, Nov. 3.—The French armored cruiser Devaix Admiral Bevoe de LaPeyrere, which sailed from Cherbourg, France October 16, arrived here this morning, and is now coaling. There are two other French cruisers here, the Troude and the Jurien de LaGraviere.

A dispatch from Paris of October 16 said that the departure of the Desaix for Martinque inaugurated the preparation for dealing with the Venezuelan question with a strong hand if President Castro persisted in his course against France.

SHIP IN STORM OFF HATTERAS.

Severe Experience of Schooner Bonny Doon, October 29.

By Wire to The Morning Star

Charleston, S. C., Nov. 3.—With a portion of her sails torn to ribbons, several feet of water in the hold, and Captain Burgess lying disabled in his cabin, suffering from a broken arm, the barkentine Bony Doon, bound from Tinidad to New York, put in for harbor today. When off Cape Hatteras October 29, the vessel met a norther and for 24 hours battled with the winds and seas, shipping considerable water. During the blow Captain Burgess was thrown against the mizzen-mast by a sea and his right arm broken. The vessel was blown far out of her course and Charleston was made particularly to get relief for the captain. The bark has a cargo of asphalt.

CURE FOR EVERY MAN

Whiskey Habit Contracted in Youth Can Be Effectually Banished Forever

EVEN HOPE FOR GRAY HAIRS

Happy Experience of Hard Drinker for Thirty-five Years, at Keeley Institute—He Was Cured of Whiskey Disease.

The Keeley Institute, Greensboro, N. C.:

I was always troubled with the whiskey habit; began drinking when very young, probably at fifteen years of age. I was married in 1854 and began to drink to excess about 1860. The habit grew with age, and at times I would stay under the influence of the deadly poison for a week or ten days. I got so I could not get from under its influence when I wanted to, and the cursed evil still grew and followed me until I decided to go to your Institute, about ten years ago. I went to your Institute and was cured. I found at your Institute even more than had been recommended. The officers all men of highest character, kind and pleasant; the rules are not in the least stringent and there is nothing to prevent any man from wanting to go there, after knowing the Institute as I do. Any man can be cured who will do as the officers direct him.

I have never tasted of any stimulants since I left your Institute and have no thirst or desire for it, and I am now nearly seventy-seven years old. My experience and the experience of my friends and neighbors that have gone and taken your treatment convinces me that your Institute is one of the grandest institutions on earth. May God bless your Institute.

W. T. DIXON.

Only a joke between two friends, of course; but there's a foundation for the jest when some cigars are smoked. Why not get a good "weed" when the Vann's Special is sold at retail for so low a price?
